

## DELLAMARTA CONSULTING- PARTNER CONSULTANT

### OLIVIA BROWN

I am a consultant, leading in child safety practice, education, governance and strategy.

I am an accomplished executive with sound knowledge of successful governance, organisational frameworks, quality and compliance, responding to reform, effective people and culture methodology and organisational change.

I have experience working in complex organisations and structures, including large national organisations operating under a federated model (sports, not for profit and religious organisations), as well as state based organisations (children's services, recreation, health and therapeutic).

My experience includes:

- Design and implementation of successful strategies to mature child safety practice, including assisting organisations gain child safety accreditation status.
- Keynote speaking at National and International Child Safety Conferences, sector trainer and educator.
- Developing leading 'Communities of Practice' platforms to ensure organisations are accessing evidenced based research and tools.
- Advisory to leadership to develop frameworks, organisational culture change and compliance with National Principles/State based legislation.
- Accreditation decision maker – decision maker in accreditation process for organisations striving for or maintaining accreditation status.
- Experience with Royal Commission into Institutional Responses to Child Sexual Abuse case studies, and post Royal Commission responses and recommendation implementation.

I have a particular passion for good governance, leadership and culture and the ability for organisations to transform, maintain and mature their child safety practice, guided by evidenced informed thinking.
